SKILLS

- JAVA
- C
- MYSQL(RELATIONAL DATABASE)
- DSA
- HTML, CSS, JavaScript
- REACT-JS & NODE-JS

PROJECTS

Bharat Bhraman - A.I. Trip Planner

- Developed an AI Trip Planner with Python (Flask) backend, integrating APIs for real-time flight, train, and hotel data. Leveraged Generative AI for personalized destination recommendations and implemented dynamic content management for adaptable travel plans.

RailVaani

- Designed and implemented the front-end interface for Railvaani using HTML, CSS, and JavaScript, focusing on an intuitive user experience and accessibility.
- Integrated interactive features for real-time train information and scheduling, ensuring seamless user interaction.

Reimagined the Omega watch website and Cadbury's website

- Redesigned the Omega watch website and Cadbury's website, enhancing their UI/UX to modernize the user experience and improve brand engagement
- - Utilized advanced libraries like ScrollTrigger, GSAP, and Locomotive JS to create interactive, smooth, and engaging user experiences for the redesigned Omega and Cadbury websites.

Recipe Website

- . Developed a robust React recipe app with CRUD operations, routing, and context management, mastering state handling with React hooks and enhancing RESTful API integration skills.
- Expanded expertise in user interface design by creating an intuitive recipe management system, focusing on usability and responsive design principles.

Cro Technologies (Freelance)

- Designed and developed the responsive website for Cro Technologies using HTML, CSS, and JavaScript.
- Gained expertise in responsive web design, cross-browser compatibility, accessibility, and collaborated effectively within a team to implement modern web design practices.

ACHIEVEMENTS

- Won first place among 100 teams in Hackfest '24, a prestigious national hackathon event organized by IIT DHANBAD.
- Earned the top spot among 180 students at Sheryians Pvt Limited in the Java challenge, showcasing exceptional proficiency.
- Actively participated in renowned hackathons including CodeBite 2k23, HackJNU 3.0, Reckon 5.0, InnoHacks 3.0, and Reimagine 2k24, showcasing my problem-solving skills, innovative thinking, and expertise in full-stack development and UI/UX design.
- Mentored over 200 students in C and over 100 students in Java and helped them in basic programming at Sheryians Private Limited.
- Achieved a notable accomplishment of receiving 5 stars in Java and MySQL by HackerRank, demonstrating high competency in these areas.
